Hike up to Brandywine Meadows. When the trail reaches the creek for the first time in the meadows cross and hike up about 250-300 vertical meters to the bluffs. Note these are all on the opposite side of the valley than Bastardo. All pitches require 12 or fewer quickdraws.

Note: There is another bluff just out of this image to the right (north). It has a single sport climb and 2 cracks that have been ascended. The bolted climb is 5.9 and the cracks are 5.8 (TR from the same anchor if you don't want to carry gear). FA by D. Guestrin, G. Williams, K Worsnop and C. Amelunxen
